Combined  
Indemnified  
Bindings  
List

## **2023-2024 Combined Indemnified Bindings List**

**Every effort has been made to ensure the accuracy of the list. The last word on accuracy is provided by vendors, usually in their tech manuals.**

### **Important Notice:**

**This Combined Indemnified Bindings List is published exclusively for the use of retail members of NSSRA.**

**Posting this list on the internet or distributing copies to non-members without written permission of the manufacturers of those bindings AND NSSRA is prohibited.**

**Updated September 7, 2023**

© 2023-2024 National Ski & Snowboard Retailers Association (NSSRA) all rights reserved.

The Combined Indemnified Bindings List is published exclusively for the use of NSSRA retail members. Posting this list on the internet or distributing copies without written permission of the manufacturers of those bindings AND the NSSRA is prohibited.

## **IMPORTANT NOTICE REGARDING BOOT-BINDING COMPATIBILITY**

NSSRA is providing the information below to inform retail and rental shops about possible compatibility issues between the variety of boots and bindings now available on the market.

Shops and customers can choose from a wide variety of ski/binding/boot systems for alpine and backcountry skiing. Using ski boots and bindings that are not designed to be **used together increases the risk of injury to the customer and increases the potential liability exposure for the shop.**

Using a properly adjusted ski/binding/boot system with components designed to be used together can provide a significant degree of protection, although it must be remembered that the forces generated by skiing are variable, and even the best system might not always retain when retention is desired, or release under potential injury-producing situations **Using components not designed to be used together can increase the risk of unwanted release or retention and possible injury.**

Due to the large number of categories and varieties of products available, the compatibility of specific ski/binding/boot combinations can be difficult to assess without proper training. Ski/binding/boot compatibility means that a specific boot and specific binding are designed to work together, and they can provide the best skiing performance. Ski/boot/binding combinations from different categories should not be assumed compatible simply because they appear to fit with one another, and current shop test procedures might not be able to determine if specific skis/bindings/boots are compatible when combining equipment from different categories.

### **We recommend the following:**

1. Unless the ski boot manufacturer and binding manufacturer state that the specific boot and binding are compatible, it is recommended that boots (e.g. Alpine, Alpine Touring, Walk-to-Ride, GripWalk) and bindings (e.g. Alpine, Walk-to-Ride, GripWalk, Multi-norm, AT, Tech) from different categories **not be combined for use.**
2. Prior to purchasing, renting, demoing, mounting, adjusting, testing, and/or servicing any boot and binding combination that is not explicitly identified as compatible by both boot and binding manufacturer(s), it is recommended that the shop (1) inform the customer of the potential risks of using incompatible equipment, and (2) obtain a signed release statement from the customer indicating that they recognize, understand, acknowledge, and accept the increased risks associated with the use of incompatible equipment, and release the shop and all manufacturers and distributors of this equipment, as well as their owners, agents, employees and affiliates, from all responsibility and liability associated with the purchase, rental, demoing, installation, adjustment, testing, servicing

and use of the equipment. It is recommended that you consult legal counsel for appropriate release language.

3. Determining boot/binding compatibility must be established first. If the ski boots and bindings are not from the same boot/binding system, check with the boot and binding manufacturer(s) to ensure compatibility. Shop testing devices (e.g. Vermont Safety Calibrators, Wintersteiger, Montana) are to be used to verify the release function of the compatible boot/binding system only (such as alpine boots in alpine bindings). Shop testing devices are not designed or to be used to verify compatibility of boots and bindings from different systems.

Example boot categories that are recommended for use only with specifically compatible bindings include, but are not limited to:

- Traditional alpine boots
- Walk-to-Ride boots
- Grip-Walk boots
- Alpine Touring boots

Example binding categories that are recommended for use only with specifically compatible boots include, but are not limited to:

- Traditional alpine bindings
- Walk-to-Ride bindings
- Grip-Walk bindings
- Multi-Norm Compatible (MNC) bindings
- Alpine Touring bindings
- Tech Bindings (that require compatible metal inserts in the boots)

We will continue to share information about this topic as it becomes available.

# RELEASE PREFERENCE

## Determining Your Release Preference is Your Responsibility

Your Release Preference, height, weight, age, and boot sole length are used by the shop technician to determine the release/retention settings for your bindings. Consult these descriptions to select your Release Preference. This information may affect your risk of injury. Be sure to provide accurate information.

**I**

SKIERS WHO ARE  
UNCERTAIN OF THEIR  
PREFERENCE

Skiers who designate themselves as (I) receive **lower than average ski binding release settings**. This corresponds to easier ski binding release in a fall. Recommended for entry-level skiers.

**SKIERS NOT  
DESIGNATED  
I OR III**

**II**

MOST SKIERS ARE  
SATISFIED WITH A  
(II) SETTING

Skiers who designate themselves as (II) receive average ski binding release settings appropriate for most recreational skiing.

**III**

THIS CORRESPONDS TO  
TO DECREASED RISK  
OF INADVERTENT  
BINDING RELEASE AND  
INCREASED RISK  
OF NON-RELEASE

Skiers who designate themselves as (III) receive **higher than average ski binding release settings**. This designation is not recommended for skiers 47 lbs. (21 kg) and under.

If from experience, you have been dissatisfied with the release settings that result from your release preference, mention this to your binding technician.

# BINDING LIABILITY INDEMNIFICATION

## 2023/2024 Schedule of Indemnified Bindings

Amer Sports binding indemnification applies to the 2023/2024 Retail Binding Line, 2023/2024 Rental Binding Line, Non-current Retail Binding Line and Non-current Rental Binding Line models listed **on the next page**. Indemnification does not apply to older non-indemnified binding models.

### Non-Indemnified Bindings

Older models of bindings no longer on the Schedule of Indemnified Bindings may still be serviced, however **Liability Indemnification**

### will not be offered by Amer Sports for these models of bindings.

Dealers wishing to service these models of bindings can reduce their liability risk by requiring an additional waiver and release

agreement and attaching it to the Workshop Form. Such waivers should be reviewed by a dealer's own legal counsel to ensure compliance with applicable laws.

Salomon, Atomic and Armada bindings are not designed or tested for use with **Monoboards**, therefore bindings mounted on Monoboards will not be indemnified.

## Authorized Dealers

Amer Sports offers liability indemnification to Authorized Dealers. Amer Sports will, to the extent, and within the limits that insurance coverage is available, defend and indemnify an Authorized Binding Dealer against liabilities from claims presented by any customer of the Authorized Dealer arising solely from the use of Salomon, Atomic or Armada bindings, provided:

- A. The dealer purchased the bindings from Amer Sports or one of its OEM partners.
- B. The dealer has received written notice of a claim involving bindings.
- C. The claim alleges use of the bindings resulted in injury.
- D. All recommendations, procedures and policies in effect at the time of the incident were followed, including, but not limited to, those contained in the Shop Practices Manual, Technical Updates (if applicable), Purchaser Policies and General Terms & Conditions.
- E. The Certified Technician is of legal age, defined as the "legal age to work," according to the laws of each state or province.
- F. The dealer uses workshop and/or rental forms the same as, or equivalent to, Salomon/Atomic/Armada forms with currently approved Liability Release Language.
- G. The dealer maintains proper and complete records for all bindings mounted and/or adjusted for a period of five years or the statute of limitations of the state or province, whichever is longer.
- H. The dealer provides written documentation of the technician's employment or sponsorship, and training (e.g., method of training, proof of certification, etc.).
- I. A copy of the properly completed workshop form or rental form, including a signed release, is submitted.
- J. A properly completed Post Accident Ski Equipment Inspection Report, the same as or equivalent to the exemplary form displayed in this manual, is submitted.
- K. Any other helpful information such as a Ski Patrol Incident Report Form is submitted.
- L. The dealer provides Amer Sports with prompt notice of the claim.
- M. The dealer cooperates fully in the investigation, litigation and/or settlement of the claim.

**Amer Sports may terminate indemnification, with respect to bindings, upon providing written notice to the dealer.**

## Legal Claims

In the event an equipment user or anyone acting upon the equipment user's behalf contacts the Authorized Dealer regarding a potential claim:

1. Use your best efforts to determine the exact nature and details of the claim.
2. Avoid expressing opinions concerning the claim. You may, to the extent that you have complied with all recommended procedures, indicate to the claimant or the claimant's representative that recommended procedures for service and adjustment of the equipment were followed.
3. Notify your insurance company. Amer Sports indemnification is not a substitute for liability insurance.
4. Gather all information and documents listed in the Liability Indemnification section for that specific product and send the documents with a brief description of the incident to:

### U.S.A.

## **2023-2024 Combined Indemnified Bindings List**

# **FISCHER**

Today's equipment may help reduce certain hazards involved in the sport, but the risk of injury remains. The FISCHER Retailer Indemnity Program is designed to help formalize service procedures and minimize the risks to both you and your customer. Under the plan, FISCHER will defend and indemnify the Authorized Retailer in bodily injury claims when certain conditions are met, including following all FISCHER required procedures. The program benefits are not without limits, indemnification is not insurance, and it does not eliminate the need for a shop to have adequate insurance of its own. But, for the shop willing to make the investment in doing a quality job as an assembler of equipment systems from components, it is a key element in their Risk Management plan. This is only a summary of the FISCHER Retailer Indemnity Program; complete requirements are listed in the current FISCHER Binding Indemnification Agreement. You should read this Agreement carefully. Retailer benefits under the terms of the plan are based, in part, on the adequacy of the service work performed by the mechanic. For this reason, thorough employee training is essential. This manual and technical seminars are presented by FISCHER to help define appropriate shop procedures. It is the responsibility of the FISCHER Authorized Retailer to see that all technical and product information materials provided by FISCHER Skis US LLC/Raymond Lanctot LTD, Can. are ordered and available in their shop. This should be done with the aid of your FISCHER Representative while placing your FISCHER pre-season binding order.

**THE FISCHER RETAILER INDEMNITY PROGRAM FOR 23/24 APPLIES ONLY TO THE FOLLOWING BINDINGS – ENDING WITH SEASON 13/14**  
**Please reference the 23/24 Fischer Tech Manual for further details.**

The Combined Indemnified Bindings List is published exclusively for the use of NSSRA retail members. Posting this list on the internet or distributing copies without written permission of the manufacturers of those bindings AND the NSSRA is prohibited.

**2023-2024 Combined Indemnified Bindings List**

**FISCHER**

**RETAILER AGREEMENTS AND INDEMNIFICATION AGREEMENTS**

Both agreements must be completed annually. This year’s Retailer and Indemnification Agreements should already be completed, if not please contact customer service or your sales rep. Completed Retailer Agreements, Indemnification Agreements and Employee Training Documentation Forms should be received at FISCHER Skis US LLC/Raymond Lanctot LTS, Can. no later than December 31, 2023.

**Indemnification ONLY applies to authorized dealers of Fischer subject to provisions of Fischer’s Binding Liability Indemnification Program. Authorized retailers must have a signed Retail Agreement/Authorized Dealer Agreement and an Indemnification Agreement with Fischer. For questions, please contact your Fischer sales rep.**

## 2023-2024 Combined Indemnified Bindings List

# LOOK DYNASTAR/MOVEMENT/ROSSIGNOL

Rossignol Group Alpine Ski Bindings Indemnification Agreements are available to all Look and Rossignol alpine ski binding dealers. Please note:

- New Rossignol Group Alpine Ski Bindings Indemnification Agreements are required each year
- Rossignol Group Alpine Ski Bindings Indemnification Agreements are accessed at: <http://indemn.rossignol.com>
- Use the shop-specific ID emailed to each Look and Rossignol alpine ski binding dealer

Subject to the terms of the Rossignol Group Alpine Ski Bindings Indemnification Agreement, the Rossignol Group agrees to hold the shop harmless from any liability relating to claims for personal injury sustained by the customer as a result of the use of indemnified Look and Rossignol bindings. This is providing the shop follows all of the terms and conditions of the Rossignol Group Alpine Ski Bindings Indemnification Agreement, and the procedures described within the Look Alpine Bindings Technical Manual.

The Rossignol Group Alpine Ski Bindings Indemnification Agreement is not effective until executed by the dealer. Read your agreement carefully, the above is only a summary.

The Combined Indemnified Bindings List is published exclusively for the use of NSSRA retail members. Posting this list on the internet or distributing copies without written permission of the manufacturers of those bindings AND the NSSRA is prohibited.

## 2023-2024 Combined Indemnified Bindings List

# LOOK DYNASTAR/MOVEMENT/ROSSIGNOL

### INDEMNIFIED BINDINGS

The following list of bindings are included in the Rossignol Group Alpine Ski Bindings Indemnification Agreement. Only those bindings listed below, that were distributed by Group Rossignol USA, Inc., Groupe Rossignol Canada Inc., Rossignol Ski Company, Incorporated, Skis Rossignol Canada, Ltd., Skis Dynastar, Inc., and Skis Dynastar Canada, Ltd. are eligible for indemnification.

Bindings are removed from this list when they are no longer supported with parts and technical information.

#### **Please note:**

**LOOK HM, Superlite, HT, and Darklite bindings models are not covered by this indemnification program**

**Any 3<sup>rd</sup> party modifications made to Look bindings voids the bindings warranty and the bindings are no longer covered by this indemnification program**

**Any repairs being made to the housing (ex. toe wing repairs and indicator window replacement, with the exception of Xpress heel indicator windows (see page 66)) must be sent back to the Rossignol Service Center for a “factory” repair**

© 2023-2024 National Ski & Snowboard Retailers Association (NSSRA) all rights reserved.

The Combined Indemnified Bindings List is published exclusively for the use of NSSRA retail members. Posting this list on the internet or distributing copies without written permission of the manufacturers of those bindings AND the NSSRA is prohibited.

**2022-2023 Combined Indemnified Bindings List**

**V-TEC**

The V-TEC list does not include the complete name of every bindings model as in some models the name also includes the color. For example: V614C is the basic name of the binding model regardless of color. The correct name/code would be V614CWFREE for a White basic color (W) where you are free (FREE) to put (click on) a toe cover in any color you want.

Indemnification ONLY applies to authorized dealers of V-TEC subject to provisions of the V-TEC Binding Liability Indemnification Program. Authorized retailers must have a signed Retail Agreement/Authorized Dealer Agreement and an Indemnification Agreement with V-TEC. For questions, please contact your V-TEC sales rep.
